

Page Speed Accelerator

Faster Mobile and Desktop Experiences

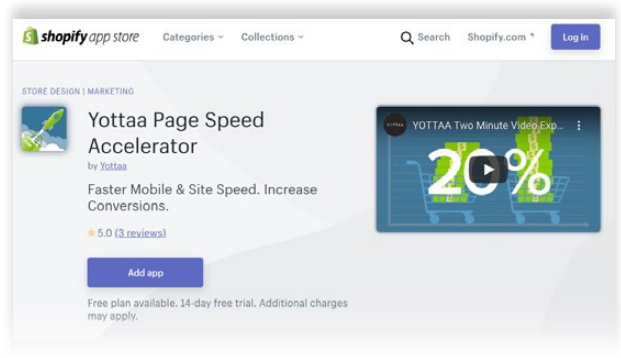

1 Login to your Shopify Account

Search for “Page Speed Accelerator” or [click here](#) to be directed to our app on the Shopify App Store.

2 Add the App

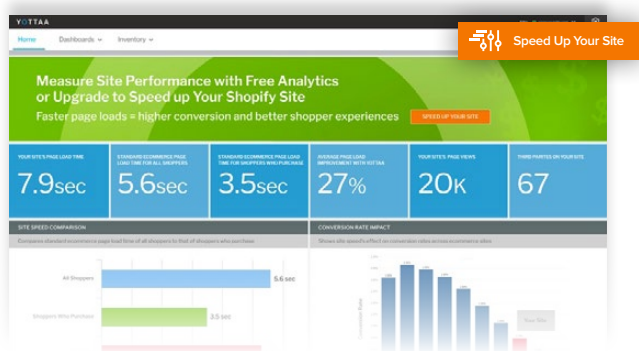

Easily install with one click, and wait for 24 hours to get a full dataset populated. You’ll be able to explore how your site is currently loading, see all of your 3rd party technologies, and understand the site speed impact on your shoppers and conversions.

3 Speed Up Your Site

In the upper right corner of your dashboard, you’ll see a button called “Speed Up Your Site.” Click that to get instant speed improvements and access to your 14 day free trial.

A product tour is available to make sure you get the best experience out of your trial!

4 Enjoy a Fast Site!

Here are some examples of pricing tiers so you can gauge what pricing may look like for your business. You can also calculate your monthly fees [here](#).
